If your complexion is oily and greasy you are probably eating too much fatty food, and neglecting the daily sponging of the body. If the pores of the body are not kept open by the daily rub-down, too much of their work is left to the pores of the face and this shows in the bad com-plexion. If the digestive apparatus is ut of order, its signal of distress an pears in the sallow and blemi complexion, that all may know have eaten unwisely and do not know how to manage your own machinery. Diluted lemon juice is a good tringent for enlarged pores. Alr meal helps to soften and whiten the skin. A spoonful of violet borax in the rinse water will help to correct an oily skin, and diluted listerine is also said to be a good lotion for excessive oiliness. A pure face cream may be rubbed in to prevent sunburn, heal chapping, or supply oil if natural oil is lacking. Only the best powder should be used, and it should be cleaned off later, for powder is merely white dirt instead of black, and if left on will clog the pores as effectually.

Purify the Blood

Through the Use of Stuart's Calcium Wafers, the Great Blood and Skin Remedy.

The skin has been very closely studied as a physiological organ, especially as the organ of sensation and perspiration. Experiments on lower animals show that the absorption of noxious gases through the skin suffices in a short time to put an end to life. Sparrows immersed in carbonic acid, with the head protected, died in one and a half or two hours; while rabbits placed in sulphureted hydrogen died in ten minutes.

When the blood has become so loaded with impurities absorbed from the large intestine, as in constipation and auto-intoxication, or from other sources, that these foreign matters cannot be properly eliminated, the blood disposes of them by sending them out through the pores, and the result is, pimples, blackheads and other skin troubles,

Suffering Women!

HERE IS RELIEF

The days of suffering and anguish to thousands of women who are

troubled with various female complaints are over. Chiropractic, the

wonderful new science, is curing hundreds of women each month and

making them strong and healthy. It is not a treatment of medicine; neither are surgical operations needed. It is simply a natural system of building up weakened nerves and strengthening parts of the body

which are affected. All forms of female trouble, rheumatism, kidney, liver and stomach trouble, paralysis, epilepsy and many other disorders have been completely cured by Chiropractic in so many cases that there is no question of its effectiveness, even in most obstinate cases. Troubles of long standing, even chronic in their nature, have

been cured in thousands of cases by simple treatments of Chiropractic,

and the cures in each instance have been permanent.

Mrs. Pickard has, since establishing her office in Salt Lake, made a great many cures, and is glad to

With such an opportunity placed before them it is really astonishing to see how many women go on

refer prospective patients to those who have been cured and who know that Chiropractic is all that it has been claimed to be. Mrs. Pickard meets persons who are seeking information privately and makes exami-

suffering day after day simply because they are not willing to go to a little trouble to investigate. In this

case it is simply a woman talking to a woman who knows what the difficulties are and who also knows

how to overcome them. To all ladies who are troubled in any way, Mrs. Pickard extends an invitation to

meet her and allow her to explain the principles of Chiropractic whether a treatment is wanted or not. To-
